

Pinch

PINCH - DESIGNED BY CAS MOOR

The PINCH sofa is a modular design that brings together comfort, ergonomics, and timeless aesthetics. The focus was to create an ultra-comfortable high back sofa that provides exceptional support. The elevated backrest gently embraces the shoulders, ensuring a more relaxed posture and improved ergonomics for everyday use.

Its name, PINCH, refers to the subtle pinching line that runs through the armrest and backrest. This refined detail, paired with its wrinkled and soft surface, gives the sofa a welcoming and tactile character. The modular construction allows endless configurations, adapting seamlessly to different spaces and lifestyles.

With its balance of softness, sculptural lines, and practicality, the PINCH sofa offers the perfect harmony between design integrity and ultimate comfort.

CUSHIONS

No cushions included in this sofa.

If cushions are desired, we suggest to take one cushion of 80X60 cm per seating module.

MATERIAL & CONSTRUCTION

Seat and back frame made in solid beech wood. Back frame is covered with coldfoam filing and wadding. Seat is made with zig-zag springs, felt, cold-foam and wadding. The module is upholstered in high-quality textiles, with a thin lining of down underneath. Modules are kept together with connecting metal brackets.

Different upholsteries may have different looks, and some fabrics may wrinkle slightly around the curved seat.

CARE & MAINTENANCE

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water.
