

Baker

BAKER - DESIGNED BY PAUL ROGERS DESIGN STUDIO

Crafted with a keen eye for lightness and a raised platform adorned by dainty feet, Baker exudes an airy charm that effortlessly complements any interior.

The beauty of Baker lies in its simplicity. With a sleek, contemporary profile, it effortlessly blends into any setting, yet its potential for customization knows no bounds. The array of available fabrics and a myriad of custom modules open a gateway to personalization.

What sets Baker apart is its modularity – an invitation to unleash your creativity and tailor your seating experience. Whether you prefer a cozy one-seater, a snug two-seater, or a spacious three-seater, Baker allows you to curate your ideal configuration. This modular wonder beckons you to explore endless compositions, allowing you to shape and mold it to perfectly suit your space.

CUSHIONS

The cushions for this sofa come as they are displayed on the module images in this fact sheet.

The back cushions vary in length depending on the length of the seat. The size of the small cushions are 50x45 cm.

MATERIAL & CONSTRUCTION

Seat and back frame made in solid beech wood. Back frame is covered with coldfoam filling and wadding. Seat is made with zig-zag springs, felt, cold-foam and wadding. The module is upholstered in high-quality textiles, with a thin lining of down underneath. Modules are kept together with connecting metal brackets.

Different upholsterys may have different looks, and some fabrics may wrinkle slightly around the curved seat.

CARE & MAINTENANCE

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water.
