**DUNE** - DESIGNED BY CAS MOOR

Inspired by the production process of rolling sheet metal, the Dune table was created.

A table collection with soft and curving lines. The legs supporting the tabletop making it from the side almost seem floating, creating an airy feeling.

## Table top possibilities

### **Material & construction**

Metal leg combined with a ceramic/veneer tabletop.

Ceramic and veneer tabletop are combined with a varnished mdf wood for stability and sound-absorbing reason.

### **Care & maintenance**

Clean the table with a damp cloth. If necessary, use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away.

### **Assembly**

Not preassembled.

Tabletop must be mounted on legs with the tools that are included.
