Juvo wood

JUVO WOOD - DESIGNED BY CAS MOOR

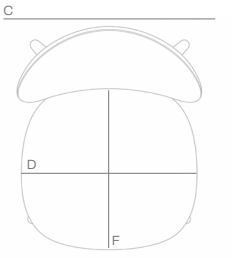

Juvo Wood is a refined new interpretation of our Juvo dining chair. Its richly upholstered seat and back offer exceptional comfort, while the solid wooden frame adds body and character.

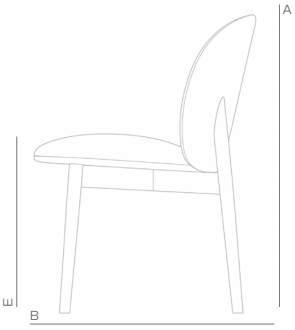

Soft, rounded lines give the chair an elegant silhouette, while the wooden frame flows into the backrest, creating a sense of support and visual balance.

Care & maintenance

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water.
